TROLLEYS

About Mewido

We are the only Spanish firm specialised in (functional and decorative) drinks trolleys.

We cover the whole process, from the search of the most suitable materials to drinks trolleys handmade production, thus, making them distinguishing products.

Our aim is to offer effective work tools for customer service which combine functionality with exquisite aesthetics.

We offer a whole range of possibilities so that each customer can choose the format most suited to their needs. For that purpose we have two product lines.

DRINK-BOX:

Specially conceived for making drinks and cocktails.

- Mod. CABRIO
- Mod. VILLAGE
- Mod. DELUXE
- Mod. EVOLUTION

FOOD-BOX:

Specifically for gourmet meal preparation.

- Mod. IBERICO
- Mod. GASTRO

A UNIQUE PRODUCT

We have been advised by professional designers from diverse fields, such as restaurateurs, bartenders, ham slicers, in order to meet their needs with our products:

DESIGN: Not only our carts are the perfect working tool, but they are also appealing and stylish so they can turn into a decorative element in any working area of your establishment.

QUALITY: We achieve excellent final results, considering they are made with top of the line/the finest materials and are subjected to strict quality control.

FUNCTIONALITY: We rely on hospitality service experts who advise us when it comes to design our products. Our drinks and food trolleys must be elegant and functional.

OPTIMIZATION OF THE SPACE: Our products have been specially designed to provide top performance, even in a limited space. For this reason, we offer different options and dimensions

COSTUMISATION: We have developed our own personalisation system: customers will be able to place their trademarks in a visible spot with an easily attached and removed “magnetized vinyl”.

PROFITABILITY: One of the main characteristics of our drinks trolleys is the profitability that can give you to your business. They contribute to:

- Improve the image of your establishment
- Differentiate from the competitors
- Make any space profitable.
- Improve quality of service.
- Increase the numbers of services sold (drinks, cocktails, cheese, ham plate etc.).
- Boost the average sales per person. It is easier to sell a premium brand drink with our carts.
- Negotiate with providers better conditions because the trolleys can be customized with their brands and logo.
